Definitions of Delivery Methods for Fall 2020 Classes

The following are definitions of class delivery methods for Fall 2020. All courses will be offered in one of these four formats: **Online Anytime**, **Online Scheduled**, **Hybrid**, and **In-Person**. These designations are visible in the schedule of classes so when you register you can choose classes that will best support how you learn.

Online, Scheduled

Meet online at regularly scheduled days and times. Interact live with your instructor and classmates in a virtual environment.

Online, Anytime

Choose when it is convenient for you to learn without scheduled class times.

Hybrid

Experience the combination of in-person classes and online learning in small class settings.

In-Person

Attend class on campus, with mask, during specific times and days in small class sizes.

Course Schedules

Look under the headings *Time*, *Days*, and *Where*. If the class has been converted to **Online Scheduled**, there will be a day and time noted. If a class is **Online Anytime**, it can be completed anytime and there is no time and day associated with it under the headings for *Time* and *Days*. A **Hybrid** mode of delivery shows the lecture portion being presented online at a scheduled day and time and the lab meeting in-person. The **In-Person** class will list time, days and where.
